### Misc.

Ashley Sudduth to join board and assist. Discussion around book fair volunteer needs and Ashley's availability to assist.

Discussion continued and centered around difficulty in getting volunteers to run or having librarian run the event solely. The decision will determine the outcome of money earned and whether it goes to PTW or solely the library. What is also needed is teacher support for all events including book fair.

Additionally, breakdown of communications is affecting full support between staff and PTW for events and fundraising. Ultimately this affects students negatively since events and fundraising will raise technology and dollars for needs and events at the school.
